

# Credit Unions

**Most Regional Banks and Credit Unions are not set up to offer Reverse Mortgages and Asset Based loans. These are products that many of their members who are 55 and above can benefit from. We are very honored that many of them trust us to assist in the needs of their members when they can benefit from these products.**

**We are currently in the process of creating some additional resources to support the effort of local credit unions in better serving the senior population. In the meantime, if you know of anyone who could benefit from this information, please feel free to connect them with us directly.**
